Peppermill Legends of the Game Celebrity Tour, June 9 through June 12

The Legends of the Game Celebrity Tour, was born with the belief that today's children are our most precious natural resource. The funds raised improve services for children who are the victims of violence, poverty, illness, and/or neglect. Remembering that great minds cannot grow without breakfast, we also support the Food Bank programs in the cities in which our events are held. The Legends of the Game Celebrity Tour has grown to attract many celebrities who share the passion to make a difference, and the number of lives that we touch is ever increasing. A theory that has become the driving force behind what we do is *"that to make a difference, you yourself must be the difference."*
